

3 THREE BRIDGES

DURIF

Vineyard & Region: Fruit sourced from the Riverina.

Colour: Intense deep crimson with vibrant purple hue.

Bouquet: An aromatic blood plum and dark chocolate nose with an array of ripe blackberries, supported by toasty American oak.

Palate: A full bodied palate with big rich characters, encompassing a tannic mouth feel of vanillin and coconut combined with sweet fruit and warm alcohol.

Winemakers Comment: Durif is a red wine originally sourced from France. The berries produced are small and concentrated and performs best in warm, sunny areas and that is why Calabria Wines has so much success with it. The wine produced is full flavoured with intense colour & high tannins & will age well.

Review: "Vivid purple hue a dark and black fruits the palate is warm and generous on the one hand, yet firm and full of savoury interest on the other; very good warm-climate Durif."

– James Halliday
